Treat symptomatically

5. Fire Fighting Measures

- Suitable Extinguishing Media:** Foam, water spray or fog, dry chemical powder or carbon dioxide.
- Flammability Conditions:** Non combustible material. Decomposes on heating emitting toxic fumes
- Special protective equipment for fire fighters:** Wear full protective clothing and self contained breathing apparatus.

6. Accidental Release Measures

- Personal Precautions:** Avoid contact with spilled or released material. Shut off leaks, if possible without personal risks. Isolate hazard area and deny entry to unnecessary or unprotected personnel.
- Environmental Precautions:** Use appropriate containment to avoid environmental contamination. Prevent from spreading and entering waterway using sand, earth or other appropriate barriers.
- Methods of cleanup:** Contain and sweep/shovel up spills with dust binding material or use an industrial vacuum cleaner. Transfer to a suitable corrosion resistant container and dispose of promptly.

7. Handling and Storage

- Precautions for safe handling:** Avoid breathing in dust. Handle and open containers with care in a well-ventilated area. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Do not eat, drink or smoke in contaminated areas.

- Exposure Control Measures:** No value assigned for this specific material by Safe Work Australia. However, Workplace Exposure Standards for particulates;
Dusts not otherwise classified: 8hr TWA = 10 mg/m³
As published by Safe Work Australia Workplace Exposure Standards for Airborne Contaminants
- Biological Monitoring:** No biological limit allocated.
- Engineering Controls:** Ensure that adequate ventilation is provided. Maintain air concentrations below recommended exposure standards. Avoid generating and inhaling dust. Keep containers closed when not in use.
- Individual Protection Measures:**
- Eye and face protection: Wear safety goggles.

Skin protection: Use PVC gloves.
 Respiratory protection: If work practices do not maintain airborne levels below the exposure standard, use appropriate respiratory protection equipment. When using respirators, select an appropriate combination of mask and filter.
