

Sonic-Gold

Premium Cleaning Solution

Concentrated Organic Formulation

Sonic-Gold is a concentrated solution for the effective cleaning of all most materials including metal components; precious metals, alloys and ferrous materials. Designed to be diluted with water, Sonic-Gold is fast, safe and biodegradable. Extremely versatile, Sonic-Gold is ideal for ultrasonic cleaning baths, as well as traditional parts washers found in automotive workshops.

Particularly effective at removing oil, grease, carbon and dirt, without damage to softer metals, seals, plastic and rubber components.

When used in ultrasonic cleaning machines, Sonic-Gold excels as a premium cleaner that works fast in penetrating to the metals surface.
