## FUEL FIX

### complete fuel treatment

Fuel Fix is the latest technology in fuel additives for the elimination and control of contaminants in diesel fuel. Improves power and reduces consumption by as much 6%. Removes sludge associated with fungal growth, as well as gum and resin build up in injectors and lines as well as stabilising unleaded petrol.

Fuel Fix will not affect seals, hoses and fittings within the fuel system. Regular use will eliminate problems associated with condensation, and prevent further biological growth from occurring.

This will give rise to:

- Improve fuel economy
  - Smoother acceleration
  - Improved power
  - Improved fuel flow
- (especially through filters and injectors)

### Liquid Lanolin

#### Metal

Use Liquid Lanomax to rust proof metal components against corrosion. Amazingly only a very small amount is needed to guard against rust.

Lubricant – general purpose lubricant. Lanolin is non toxic. Use on all tools as a rust preventative.

#### Wood

Lanomax liquid is an excellent preserving agent for use on all wood types. May even be used around aqua culture because of lanolin's lack of toxicity.

#### Leather

Lanomax will keep leather supple and water resistant. Will not adversely affect colour.

#### Marine

Use on fishing reels as lube/protectant. Hinges, turnbuckles, aerals, trailers, couplings. Will not cause slippage.

# CITRUS 6000

High strength concentrated formulation  
for all surface cleaning.

Citrus 6000 is a highly concentrated multipurpose cleaner, made from a natural solvent called DiLimonene that is extracted from orange peel. This chemical designed by nature is a powerful cleaning agent. Anyone who has ever squeezed an orange peel toward a naked flame will know that it ignites instantly indicating just how strong this solvent is.

Many chemical manufacturers around the world now use this natural solvent in hand cleaners because of its cleaning power, safety and the fresh clean smell of oranges.

Citrus 6000 is a highly concentrated cleaning product that can be used neat in applications requiring a strong degreaser, or diluted to as little as 40:1 for minor cleaning situations.

## Where Can it be Used?

### Marine

The professional fishing industry in Queensland have been using Citrus 6000 for over 20 years to clean their vessels, including long line vessels (the largest group of long line fishing vessels operate on Queensland's Sunshine Coast). The sensitive aquaculture industry in Tasmania have also used Citrus 6000 for over a decade.

### Restaurants

By diluting with water, restaurants can safely clean floors, fabrics, tables, splashbacks and walls. Citrus 6000 will not leave a harmful residue. Many restaurants in Brisbane have been using Citrus 6000 for many years.

### Bus & Coaches

Bus and Coach companies throughout QLD have been using Citrus 6000 for many years for tough cleaning tasks throughout the interior of their fleet.

The Brisbane City Council uses Citrus 6000 as a safe and effective cleaner for their fleet. Used to clean all surfaces within the bus, including the seating fabric. Also removing everything from pen marks & shoe scuff marks.

Citrus 6000 is even used as a "Pre-Wash" on the outside rear of the bus to remove exhaust soiling at a dilution of 5:1.

### Automotive

Detailers have Citrus 6000 in their must have products because of its multipurpose use and how easily it removes brake dust from wheels and the red staining from dirt and dust. It is great for cleaning fabric and vinyl upholstery, as well as carpet. Through various dilutions, Citrus 6000 can be used throughout the cabin area as well as under the bonnet.

### Buildings & Concrete

Use for cleaning concrete and brickwork.

Citrus 6000 may not be the only product that removes marks from masonry, but few are as safe or versatile as Citrus 6000.

### At Home

Use Citrus 6000 around the home for: cleaning mower engines, B.B.Q.'s, concrete pathways, and house exteriors. Dilute to 3:1 with water and spray directly to the front skirts of cars just prior to washing – bugs will simply wash away! Even great for cleaning the bathroom, and all washable floors.
